

Don't Say Goodbye. Just Hit Pause.

Save time and money by pausing your retail services while you're away from your part-time residence. With our seasonal plan, you can pause your service while you're away, and reconnect with ease when you return, **for as little as \$8 per month!** Remember that when you pause your retail services instead of canceling, you don't have to worry about returning equipment or needing an appointment when you return.

What you'll get from a seasonal plan:

Ability to pause your services from one month up to nine months.

Keep your equipment in your home.

FREE activation of your services upon your return.

NO waiting for an appointment and **NO reconnection fees.**
