

## Access On Demand

Enjoy movies, TV shows, music videos, and more whenever you want with On Demand.

You can access On Demand programs by:

- Selecting the On Demand (VOD) button on the remote control
- Entering an On Demand channel number on the remote control
- Choosing an On Demand channel from the Time Grid
- Finding On Demand from the Title Search or Keyword Search

On Demand content may be free, available for purchase or part of a premium subscription.

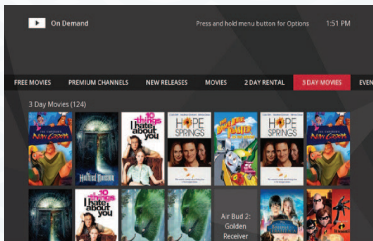

## On Demand Programs

Once you've accessed the On Demand menu, use ▲ ▼ to scroll through your On Demand options and highlight the service you are interested in. Press **SELECT/OK** to continue.

## Movies On Demand

Access the main On Demand menu from your remote. On Demand movie titles are organized into categories, such as New Releases, HD Movies, Movie Favorites and more.

From the New Releases menu, press ◀ ▶ to browse through a library of genres such as Comedy, Drama, Family, Just In!, Action Adventure, etc. The list of associated titles will appear. Press ▲ ▼ to browse the available titles.

Once you find the title you like:

- Press INFO for more information
- Press Play ▶ to view a Preview (if available)
- Press C to go back to previous screen
- Press B to buy. You can also purchase a movie directly from Feature Channel.
- Once you press B to buy, press Play ▶ to start watching your selection.

Control most programs as you would a DVD using ◀ ▶ on the remote. Once purchased, a program can be viewed until its rental window has expired. Access recent rentals from My Rentals. If you have established a personal identification number (PIN) for Purchasing or Parental Control, you also will be prompted to enter your PIN(s) before completing an On Demand purchase.

## Guide Symbols to Know – On Demand Icons / Remote Buttons

	Appears beside new releases		Appears beside titles that will soon no longer be available for viewing
	Appears in the title description area and indicates that a trailer is available to view		Appears beside purchased titles
